Rolan Instruments GmbH Postfach 1216 79343 Endingen

Company Profile

We are a young and aspiring company active in medical technology with a focus on exportation. Our trading company has been registered in Tuttlingen since 2003.

Our company headquarters are in 79346 Endingen near Freiburg. All activities such as acquisition, dispatch, participation in international fairs and congresses, customer visits etc. are directed here.

Our philosophy is simple but effective: good quality at good prices and short delivery times. We want to live up to our customers demands at all times.

The board of directors can look back upon long years of experience in sales representation in the domestic market and abroad and has an excellent knowledge of the trade.

Our product lines – surgical instruments, retractor systems, container systems – can be downloaded as pdf. files.

We will gladly answer further questions if you mail us at: info@rolan-instruments.de.

Our information site: www.rolan-instruments.de only gives a brief overview of our homepage which is under construction.
